

Single Equality Scheme Framework Policy

1. Aims of the Single Equality Scheme

- > To articulate the Trust's commitment to equality; which permeates all Trust policies, provisions and practices
- > To ensure that everyone who belongs to, or comes into contact with, our school communities are valued and respected
- > To promote equality of opportunity and eliminate unlawful discrimination, harassment or victimisation
- > To comply with statutory duties under Equalities legislation in one document

2. Purpose of the Equality Scheme

This Equality Scheme is our Trust's response to the specific and general duties in the current equality legislation, which has been brought together under the Equality Act 2010. It is an attempt to capture how we are systematically establishing and implementing good practice in equality and diversity. This Equality Scheme sets out how we will:

- > develop and review the Scheme and Action Plan
- > eliminate discrimination
- > eliminate harassment or victimisation related to any aspect of social identity or diversity
- > promote equality of opportunity
- > promote positive attitudes to all aspects of social identity and diversity
- > encourage participation by disabled people and people representing different aspects of social identity in public life
- > respect diversity, by understanding that treating people equally is not just treating them the same and to take steps to take account of difference even where that involves treating some people more favourably than others
- > take proportionate action to address the disadvantage faced by particular group of pupils
- > Promote community cohesion, developing good relations across different cultures, ethnicities and religions
- > seek the views of all groups affected by the policies and work of our school and to try and involve them in our policy reviews

In promoting equality and complying with legislation we apply the principles of relevance and proportionality. We aim to ensure that our actions are proportionate and relevant to the equality issues within our school and relevant to our provisions, criteria and practices (PCPs). This means we prioritise those actions that enable us to tackle the most significant issues with regard to equality in order to deliver the best equality outcomes.

3. Meeting our duties

The Public Sector Equality Duty (PSED) was introduced by the [Equality Act 2010](#) and applies to all schools, including maintained and independent schools, academies, maintained nursery schools, and maintained and non-maintained special schools.

The PSED has 3 main elements

These are:

- Eliminating discrimination and other conduct prohibited by the Equality Act 2010
- Advancing equality of opportunity between people who share a protected characteristic and people who do not share it
- Fostering good relations across all characteristics – between people who do share a protected characteristic and people who do not share it

The 3 elements are taken from paragraph 5.1 of [guidance published by the DfE](#).

Under these statutory duties all our schools will have due regard to:

- > Eliminate unlawful discrimination and harassment
- > Promote equality of opportunity and participation in all aspects of school life
- > Promote positive attitudes and good relations between all members of the school community and the wider world.
- > Deal with any incidents of discrimination.
- > Take steps to promote inclusion for all

4. Action Plan

An Action Plan linked to our objectives accompanies this Equality Scheme which identifies what we will be doing over the coming year and beyond to make our schools more accessible to the whole community, irrespective of background or need.

It encompasses our duties to promote positive outcomes in relation to race, gender and disability, but also identifies actions to address other social identities. It encompasses our anticipatory duties to plan ahead for the reasonable adjustments (reasonable and proportionate steps to overcome barriers that may impede some pupils) we need to make to be best placed to help disabled pupils who come or may come to our school.

The action plan is reviewed annually and progress towards the equality objectives within it is reported on regularly to the Locality Committee (LC) and Trust Board. Equality objectives have been identified through consultation with key stakeholders.

This action plan is understood and implemented by all staff and is available on the school website. It will be made available in different formats and in different languages on request to the school office.

5. Consultation and participation

The legislation states it is important that the minority groups (for race, disability and gender) are involved in the formulation and development of equality schemes and priorities for action plans.

To ensure equality of voice the consultation process should involve a true cross section of representatives from the community, so where possible we have gathered the views of pupils, staff, governance and the wider community.

6. Information gathering

6.1 Purpose and process

The collection of information is crucial to supporting us in deciding what actions to take to improve equality and eliminate discrimination within the school community. The information also subsequently helps us to review our performance so it needs to be detailed enough to enable us to measure how we are delivering on equality duties. The information also helps us to do accurate impact assessment and identify which of the school's aims have been achieved and what we need to do better.

Schools may choose to use the attached template to record data and plan appropriate actions:

[SES Action plan template.docx](#)

6.2 Types of information gathered

Comprehensive and sensitive efforts are made to collect accurate information and meet security of information requirements. The wide range of information gathered to support our planning and action to promote equality and eliminate discrimination includes the following:

- > identification of children and young people, parents, carers, staff and other users of the school representing the different protected characteristics. This helps us develop and monitor the scheme.
- > pupil attainment and progress data relating to different groups
- > uptake of the extended school offer by group
- > suspensions and exclusions data analysed by group
- > records of bullying and harassment on the grounds of any equality issue
- > data on the recruitment, development and retention of employees
- > outcomes of activities promoting community engagement and community cohesion
- > outcomes of actions taken to secure the involvement of parents and others who have been identified as difficult to engage

6.3 Collecting and analysing equality information for pupils

Each individual school will collect and may analyse the following equality information for our pupils/students:

- > Gender
- > Ethnicity
- > Religion
- > Languages spoken at home other than English
- > Traveller Status

All of this information is requested at the registration of a child to the Trust and is recorded on the child's personal school record. We also monitor; attendance and attainment/progress.

6.4 Outcomes

Of all the information we collect, the most important indicators of how successful we are in promoting equality and eliminating discrimination are the outcomes for various individuals and groups. We record our outcomes using a wide range of criteria, both academic and experiential, for the various protected characteristics and other vulnerable groups, mindful of the principles of proportionality, relevance and potential impacts (whether positive or adverse).

Where a robust analysis of outcomes reveals poorer outcomes for any particular group it triggers the equality impact assessment process.

7. Roles and Responsibilities for Implementing the Single Equality Scheme

7.1 The Locality Committee/Trust Board will:

- > ensure that our school complies with all relevant equalities legislation

7.5 Parents/Carers will:

- > Have access to the plan;
- > Be encouraged to support the plan;
- > Have the right to be informed of any incident related to this plan which could directly affect their child.

8. Dealing with discrimination:

This scheme should be read in conjunction with the following Consortium policies which reference our commitment to equality and respond robustly to any incidents of discrimination:

- > Safeguarding
- > Behaviour
- > Whistleblowing
- > Capability and appraisal
- > Recruitment and retention
- > SEND
- > RSE
- > Intimate care
- > Supporting children with medical conditions
- > Sickness and absence

9. Accessibility

There is specific disability legislation in relation to disabled pupils and accessibility which means we must plan strategically over time to:

- > Increase access to the curriculum
- > Make improvements to the physical environment of the school to increase access;
- > Make written information accessible to pupils in a range of different ways

10. Staffing and employment

The Trust is committed to providing a working environment free from discrimination, victimisation, and harassment. We also aim to recruit an appropriately qualified workforce and a governance level that is representative of all sections of the community in order to provide a service that respects and responds to the diverse needs of our local population. We will monitor recruitment and retention and will:

- > not enquire about the health of an applicant until a job offer has been made or require job applicants to complete a generic 'all encompassing' health questionnaire as part of the application procedure unless the questions are specifically related to an intrinsic function of the work – for example ensuring that applicants for a PE teaching post have the physical capability to carry out the duties;
- > ensure the safety and well-being of our staff and take seriously and act on incidents of harassment and discrimination recognising that our staff may be either victims or perpetrators

All Trust schools use the approved Trust Application Form when recruiting staff. This form includes their standard Ethnic Monitoring form which analyses race, religion, age and disability.

11. Curriculum Development and delivery

We aim to provide all our pupils with the opportunity to succeed, and to reach the highest level of personal achievement, through a broad, rich and inclusive curriculum.

To do this, we will:

- > use contextual data to improve the ways in which we provide support to individuals and groups of pupils;
- > monitor data by ethnicity, gender and disability and action any gaps;
- > take account of the achievement of all pupils when planning for future learning and setting challenging targets;
- > ensure equality of access for all pupils and prepare them for life in a diverse society and the wider world and to ensure that pupils have regular opportunities to learn about human circumstances which differ from their own in terms of disability, ethnicity, culture, religion, national origin, status, gender and sexuality.
- > use materials that reflect the diversity of the school, population and local community in terms of race, gender and disability, without stereotyping;
- > promote attitudes and values that will challenge racist and other discriminatory behaviour or prejudice;
- > provide opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures;
- > promote activities that celebrate our common experience as well as those that recognise diversity generally and foster understanding and respect for the culture and faith of all our pupils and their families;
- > seek to involve all parents and carers in supporting their child's education;
- > encourage classroom and staffroom discussion of equality issues which reflect on social stereotypes, expectations and ensure sufficient opportunity to challenge bias or stereotypical views based on disability, ethnicity, culture, religion, national origin, gender or sexuality.

12. Equality impact assessments

Equality impact assessment is a systematic method of rigorously checking all school policies, procedures and practices to ensure they are genuinely accessible and meet the needs of our staff and the local community in relation to age, disability, gender, race, religion and belief and sexual orientation.

All of the schools policies are reviewed by staff and Trust Board on a regular basis. These reviews include a statement on equality impact.

- > Work towards the elimination of discrimination and harassment.
- > Promote equality and opportunity for all.
- > Promote good relations between different groups (within the school community and beyond) acknowledging
- > and celebrating differences.
- > Encourage participation by minority groups

13. Publicising our scheme

The SES will be also be published through the school website.

14. Commissioning and Procurement

The Trust is required by law to make sure that when we buy services from another organisation to help us provide our services, that organisation will comply with equality legislation. This will be a significant factor in selection during any tendering process.

15. Monitoring and Evaluation

This scheme will be reviewed annually by staff and school/Trust governance in order to ensure it remains fully compliant. The scheme will be revised every three years to take account of any amendments.

Our analysis of quantitative and qualitative data will be used to assess the impact on groups based on disability, SEND, ethnicity, culture, language and gender.
